

Trustline Instructions and Policy

To be referred temporary employment by Crunch Care, you are required by California State law to be listed on the Trustline Registry. After your interview with Crunch Care we will request you have your fingerprints done following the below procedure. This is a cost incurred by you, as the potential Employee. After 30 shift days of temporary employment, we reimburse 50% of the current California fee to you.

We do not require Trustline prior to placement if you are solely seeking long term Employment. We do, however, make it a requirement upon long term placement, in which case, Crunch Care incurs the cost.

We recommend the following provider on site:

If you are located in Orange County we recommend:

Bernadette Lazzara with Access Livescan, Notary & More
She provides mobile services and will come to you, call (949) 637-5287 to set up an appointment

Total Cost is about: \$135 depending on the location of prints

The process is as follows:

1. Fill out the paperwork prior to your appointment
2. Take it in along with requested picture ID process your prints along
3. Retain the needed paperwork after your appointment and mail it to our office including a \$43 check made payable to the CA Department of Social Services.
4. We will notify you upon receipt.

*If this is a case where Crunch Care is paying for the cost we will advise you of that prior to your appointment and you will be provided with the details of our billing account. You will be able to EMAIL your forms if we pay for your Trustline.
