

## Inactivity Policy

Crunch Care is proud to provide a flexible work environment where our care providers are able to choose cases that are appropriate to their location and schedule. In order to maintain the highest possible care for our clients we have enacted the following policy.

**If a care provider has not accepted a case within 60 days you will be deemed as having resigned from your position at Crunch Care. You will be terminated in our payroll system and will no longer be active in the Crunch Care network.**

If you have a special circumstance that would keep you from accepting cases we need to be notified as soon as possible. Please contact [pamela.tyles@crunchcare.com](mailto:pamela.tyles@crunchcare.com) if you have any concerns.
