# QUESTIONS?

## Short Term Service Questions

### How much notice to I need to book a Nanny or Care Providers for Short Term service?

We can book any position that is short term within a 2 hour time frame if needed. For consistency regarding having the same Care Providers or Nanny scheduling in advance is always helpful! We try to book the same Care Provider repeatedly or build a small rotation for your family.

### How do you screen your Care Providers and Nannies?

Our Nannies and providers are background checked at a local county level, national level (National Criminal File), Social Security Verified, 7 year address, Department of Motor Vehicles, OFAC, and Sexual Offender Registry checked. We follow all State and Federal requirements and regulations including the CA Trustline program. We run a Social Media Check on all candidates as well as the references of those candidates. Our candidates additionally are interviewed extensively, given a weighted Domestic Provider Certification test which they have to pass, and CPR First Aid Trained. We are experts at knowing the right skill set to match our employees and long term referrals properly with families. Cost of this service as a stand alone begins at \$150. Our Care Providers regardless of short or long term, are qualified the same way.

## How do your services work?

We offer both long and short term solutions. We complete a consultation after you fill out our client forms to evaluate the best choices and solutions for your needs. We are unable to make an assessment of your needs until this step is complete.

**Short term services** consist hourly services where the Care Provider is our employee. We handle all payment to Care Providers, appropriate tax filings, insurance, and our fee is embedded in the hourly cost. Our standard rates begin at \$37 per hour and range to \$51.

For long term needs with a regular schedule 6 months or longer in scope we recommend conducting a **Long Term Search**. The major difference between the two services is that for a long term search you conduct interviews and select your own candidate since it is a long term commitment for both your family and the caregiver, and short term services are more of a “booking” service. We require more than 30 hours a week for a **Long Term Search**.

See pricing and deposit schedule below for Short Term Services. Ongoing billing is processed Tuesdays after the work week. ## What type of schedule can I use for Short Term Services? What are my options?

Short Term Services can be used for a date night, a regular part time schedule (even 1 day a week), a full time schedule, a school closure, a Nanny's vacation, or any other position that is sporadic or typically under 6 months. The reason we recommend it for positions 6 months in length or shorter is related to cost but technically it can be used for anything we can reasonably fill.

## Do you provide overnight care services for families?

Yes, we provide services any time of day from an overnight to a vacation. Overtime and Double-Time rates do apply. We can split a weekend or overnight shift with two Care Providers to minimize overtime fees.

## Long Term Search Service Questions

# How should I pay my caregiver if I am paying them directly on a Long Term Placement?

We offer referrals to some of the best domestic payroll processing services in the country. Ask our team to provide you with that information any time. We additionally recommend consulting with your CPA or a Domestic Employment Attorney to give your family the best advice.

## What is the process for a Long Term Search?

In general, we handle everything from soup to nuts for you. A typical Long Term Search can take 4-6 weeks with the first 2-3 weeks for interviewing and then a week or two for trial time before you actually extend an offer. We do an in depth consulting call or in person visit to get to know your family a little bit, and the specifics of the position. We handle all of your interview scheduling and feedback about your interviews. You will meet between four and six candidates approximately. If it takes meeting 10 candidates it does. We never rush our clients. Next we like to see you trial with your candidate (paid by you and we process and charge for a background check prior to trial, fee reimbursed if candidate hired). Our Placement Coordinators will be there to help you along with way, handling scheduling and related questions. To begin any long term search we charge a deposit ranging from \$250-1000 which is applied to the fee on the search. Fee schedule can be found below.

## How can I get started for any of the Services?

Simply go to our website, click on Families, and find the link to our Client Form or click on the link below. It is a three step form completed online. The first page will collect basic info about your family, the next page will collect billing details (you will not be charged for anything until we book your temporary position or complete your consultation for a long term search), the last page of the client onboarding process will have you sign legal documents for all of our services. Although you may only be signing on for one service, we will have you sign our agreement for all services to avoid you having to go through our client process twice. We have found over the years that many clients use more than one service we offer.
